

Utah Association of Counties

CORPORATE PARTNER PROGRAM OVERVIEW

The Utah Association of Counties believes in partnerships. By working together with a shared vision, we can find solutions that best meet the needs of county governments and our communities.

UAC has successfully created a program to help foster close relationships between businesses and local government. Our Partnership Program provides the most efficient and cost-effective way to showcase your company to decision makers from Utah's 29 counties.

Affiliation with UAC will play a major role in your marketing efforts by helping counties identify preferred suppliers out of a broad range of service providers. Private-sector companies of all sizes and from a variety of industries have found the UAC Partnership Program to be a highly valuable link to Utah's county governments.

Partners represent a wide variety of industries, including municipal finance, construction, energy, technology, healthcare, consulting, and others. All companies and organizations interested in doing business with counties are welcome.

The Utah Association of Counties looks forward to enhancing our relationship with our private sector partners and working with our members to foster invaluable public-private partnerships.

For more information, please contact Bryan Rodgers, Director of Program Development at (801) 631-4822 or bryan@utahcounties.org. For more information on the Utah Association of Counties, please visit us at www.utahcounties.org.
